Psychiatric Employment Opportunities

- High Earning Potential
- Full Benefits
- Full-Time Opportunities Available

Offering exceptional opportunities for Psychiatrists & Advanced Practice Psychiatric Nurses in Chicago’s suburbs.

AMITA Health is an integrated health system offering behavioral medicine services in 12 locations including five hospitals, five outpatient facilities, one community mental health center and a residential treatment center. Collectively, these sites encompass 269 inpatient beds, including the highly sub-specialized, free-standing, psychiatric hospital, AMITA Health Alexian Brothers Behavioral Health Hospital Hoffman Estates – recognized as one of the largest behavioral health providers in the nation.

AMITA Health Behavioral Medicine Institute serves an expansive area surrounding the northwestern, western and southwestern suburbs of Chicago.
AMITA Health Behavioral Medicine Institute

Offering a full scope of services for adults, older adults and youth, AMITA Health Behavioral Medicine Institute offers progressive clinical integration and an existing Accountable Care Organization dedicated to population management. Our team of nationally ranked and recognized behavioral health experts offer personalized, compassionate care for the entire spectrum of behavioral disorders, using the most advanced and effective treatments available. Our system provides a complete continuum of care from Inpatient to Partial Hospitalization (PHP), Intensive Outpatient (IOP) and comprehensive outpatient services including individual, group and family counseling. We are also proud to announce that a brand new residential treatment facility opened in early 2017.

Extensive Services Include:

- Addiction Psychiatry
- Adult Psychiatry
- Anxiety, OCD & PTSD
- Child & Adolescent Psychiatry
- Clinical Research
- Eating Disorders & Self-Injury
- Electroconvulsive Therapy (ECT)
- Geriatric Psychiatry
- Perinatal & Women’s Mental Health
